

# Etlund KR-50 NSF Certified Color-Coded Knife Racks

The most advanced knife rack system in the world just got even better. Etlund proudly introduces the new KR-50 color-coded knife racks to its extensive knife rack line. The KR-50's are ideal for smaller foodservice kitchens, individual work areas or carving stations, and wherever food safety issues are a major concern. Made from heavy duty stainless steel with high impact thermoplastic inserts, the KR-50's are designed to increase sanitation and protect knives and operators from accidents.

Operators can fully integrate their current knife inventory into a complete HACCP program.

Etlund can maximize your HACCP knife program by closely matching colors with colored handled knives.

NSF certified, dishwasher safe and replaceable colored inserts provide the ultimate solution in knife handling and storage.

# Sanitary knife storage and handling is not a black and white issue. Edlund offers 5 additional solutions.
